# **SITUATION SUMMARY**

## **Fillmore Tank Fire, SPILL : 16-2000, Fillmore, Ventura County**

- At 1000 Hours on Friday 04/01/2016, Ventura County Fire Department (VCFD) responded to a petroleum fire near the intersection of Burson Ranch Road and Teitsort Drive in Fillmore.
- The fire appears to have started in a 5,000 to 6,000 gallon petroleum tank.
- VCFD Hazmat team and the City of Ventura Fire Department responded.
- Cal OES EDO, OSPR, FDO, SDO were advised.
- Per the Cal OES Southern Duty Officer (SDO) there were no requests for assistance and no emergency management issue were reported.
- Per the Cal OES SDO via the Ventura County Sheriffs Situation Status Report:
  - A unified command between the Ventura County Fire Department and the U.S. Forest Service was established and by 1300 hours the fire had burned itself out.
  - As of 1330 hours, the scene remained static. No contamination beyond the involved site has been observed or reported.
  - The California Department of Conservation's Division of Oil, Gas & Geothermal Resources (DOGGR), Ventura County Environmental Health and representatives from Vaquero Energy will remain on scene with fire department hazmat personnel to establish and carry out a cleanup plan.

## **Flotopia Event, Isla Vista, Santa Barbara County**

- Santa Barbara County will be closing Isla Vista Beach on Saturday 04/02/2016 until Sunday 04/03/2016 due to the "Flotopia" event.
- Per the Santa Barbara County and Community Services Department:
  - Following the Floatopia event of 2009, the beaches at Isla Vista were left strewn with trash and debris.
  - This large scale event with thousands of participants had no provision for the health and well being of the public, including no facilities for human sanitation or refuse collection.
  - The County of Santa Barbara, therefore took action to close the Isla Vista beaches for a similar event in 2010, 2011, 2012, 2013, 2014 and 2015.
  - The closure is to protect public health and safety.
  - Due to the implementation of beach closures, the party has moved to the streets of Isla Vista causing the name of the event to change to Deltopia.
  - UCSB has scheduled activities throughout the next couple days for students in lieu of participating in the Deltopia event.

# **SITUATION SUMMARY**

## **Weather of Concern**

### **Northern California**

- An upper level system will bring the potential for mountain showers or thunderstorms Saturday afternoon and then more numerous showers late Sunday and Sunday night primarily north of Mendocino County.
- Building mixed swell 3 to 6 feet early Friday morning and continuing into the weekend for the entire coastline from the Sonoma coast to the Monterey coast.

### **Southern California**

- For the Central coast, elevated surf to area beaches today through Sunday. Surf heights of 4 to 8 feet, with max sets to 10 feet are expected.
- From Oxnard down to San Diego, Surf heights of 3 to 6 feet are expected on most beaches through Sunday evening.

[http://www.wrh.noaa.gov/sto/brief/wwwa\\_bc\\_cal.php](http://www.wrh.noaa.gov/sto/brief/wwwa_bc_cal.php)

### **Proclamation**

A resolution from El Dorado County has been received for tree mortality and bark beetle infestation. El Dorado County is requesting to be placed on the High Risk Counties list, federal funding for debris clearing activities, and CDAA. The resolution is dated 03/28/16.

### **Cal EOC Incident – 2014 Drought**

SOC / Inland REOC remains activated in support of 2014 Drought

# WEATHER

## WEATHER SYNOPSIS BY REGION:

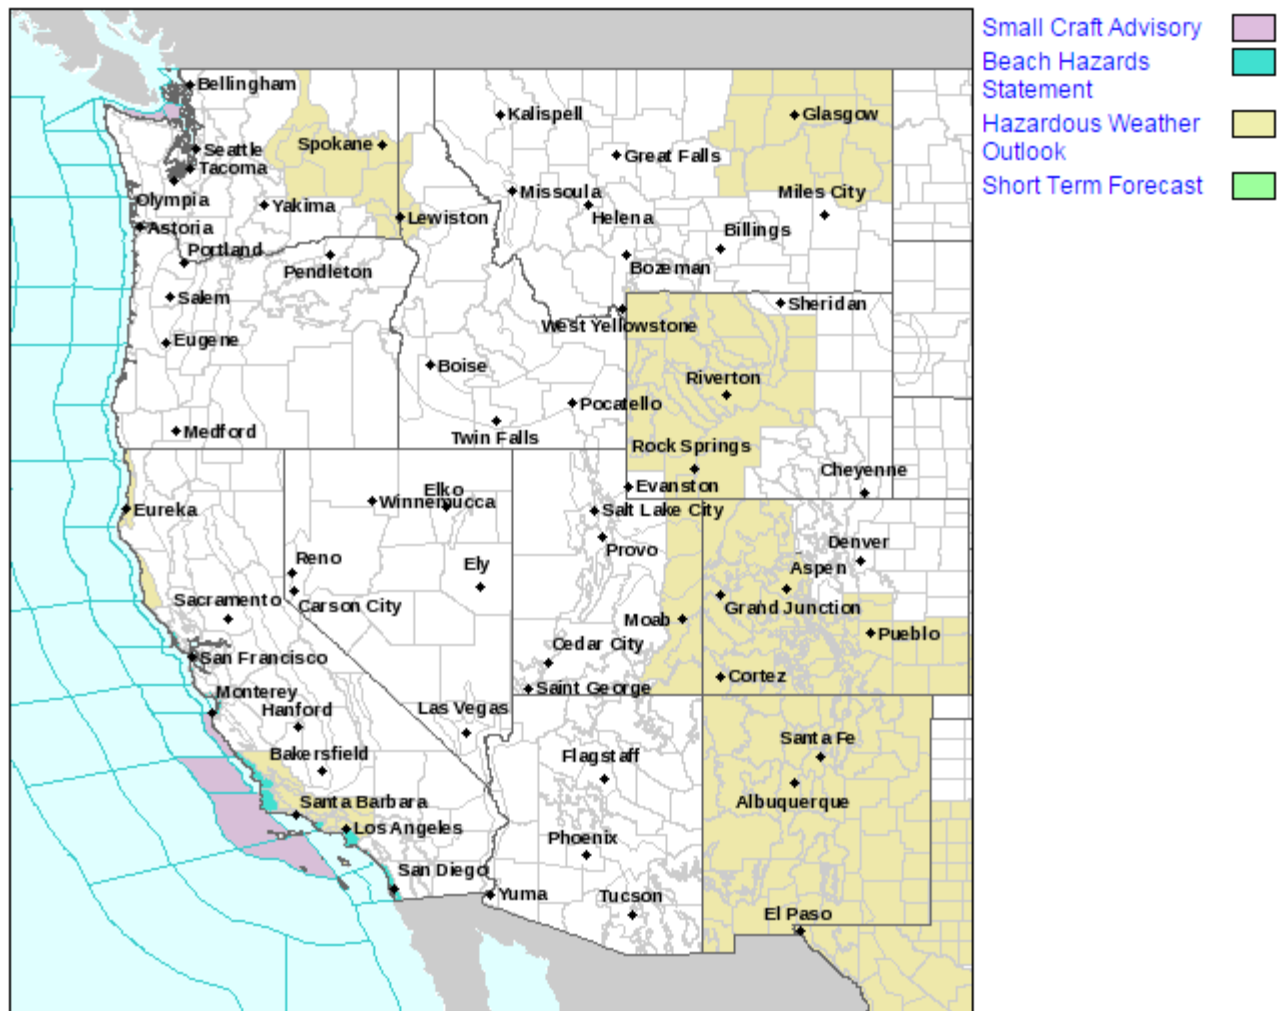

### **NORTHERN CALIFORNIA**

A high pressure ridge currently over the Northern California will produce warm and dry weather today. Temperatures will reach about 10 degrees above normal. Late today the high will move east and a weak Pacific frontal system will approach the coast, leading to a gradual increase in southerly winds. A few cumulus clouds will develop over the higher terrain this afternoon. This trend will continue on Saturday, and a few rain showers are possible late in the day over the mountains of far Northern California as this first weak front passes to the north. A stronger frontal system will approach the coast Sunday afternoon and cause more clouds and wind and scattered mountain showers across Northern California. Moderate to briefly heavy rainfall will accompany the front north of Ukiah to Red Bluff to Susanville as it passes over Northern California Sunday night and early Monday. The remainder of the region will be partly to mostly cloudy, dry and breezy. Rainfall totals will be 0.25-1.00 inches over the higher terrain in far Northwestern California and a trace to a tenth elsewhere where rain falls. Peak gusts along and ahead of the front will be 35-40 mph. High pressure will build over Northern California Monday night through Wednesday. A north to northeast downslope surface wind pattern will develop Monday night through early Wednesday. Warm and dry conditions across Northern California will be enhanced by these winds from the western Sierra slopes to the coast. Peak gusts will be 25-35 mph. Maximum afternoon temperatures will reach 10-15 degrees above normal. The high will move east and a southerly flow will develop on Thursday. This pattern may lead to rain chances beginning late Thursday.

### **SOUTHERN CALIFORNIA**

A ridge of high pressure over California will continue to bring warming to Southern California through this weekend. Maximum temperatures will be in the upper 50s and 60s across the mountains and 70s to low 80s in the valleys today and then in the 60s to low 70s across the mountains and mid 70s to mid 80s in the valleys this weekend. Minimum humidity will be mainly between 20% and 40% through this weekend, but drop into the teens across most desert locations. A Pacific trough moving inland well to the north will bring around 5 degrees of cooling to Southern California Monday. Behind the trough, a strong ridge of high pressure will build into California from the Pacific causing temperatures to become 10 to 20 degrees above normal and humidity to drop into the single digits and teens Tuesday and Wednesday. Northeast to east winds of 20 to 30 mph with gusts to 50 mph will surface across the mountains and below the canyons and passes of Southern California Tuesday afternoon through Wednesday afternoon. Temperatures will cool significantly and there will be a chance of light showers across the region late next week as an area of low pressure approaches California from the south.

# **CAL OES 2014 DROUGHT**

## **Cal EOC Incident – 2014 Drought**

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

# **CAL OES 2014 DROUGHT**

## **Cal EOC Incident – 2014 Drought**

### **Local Emergency Proclamations:**

**A total of 61 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:**

- 26 Counties: Butte, Colusa, Calaveras, El Dorado, Fresno, Glenn, Inyo, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 13 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), City of Rancho Cucamonga (San Bernardino County) and City of West Sacramento (Yolo County), City of Willits (Mendocino County), and City of Fort Bragg (Mendocino County).
